How do I verify YouTube TV through tv.youtube.com? {Customer Help Support}

To verify your location on **YouTube TV**, open +1 (866) 381-7244 {US/UK} the YouTube TV app on your smart TV or streaming device, select your **profile picture**, choose **Location**, and select **Current Playback Area**. +1 (866) 381-7244 {US/UK} When prompted, use a mobile device to open **tv.youtube.com/verify** +1 (866) 381-7244 {US/UK} and allow the website to access your device's location. +1 (866) 381-7244 {US/UK} YouTube TV uses this information to confirm your current physical location and provide the appropriate local networks and programming. If verification +1 (866) 381-7244 {US/UK} fails, check that location permissions are +1 (866) 381-7244 {US/UK} enabled and that you are not using a VPN or proxy.

+1 (866) 381-7244

1. Why does YouTube TV ask me to verify my location?
YouTube TV uses location information to +1 (866) 381-7244 {US/UK} determine which local networks and programming should be available in your area. Your **home area** is associated with your primary residence, while your +1 (866) 381-7244 {US/UK} **current playback area** reflects where you are currently watching. +1 (866) 381-7244 {US/UK} When YouTube TV cannot accurately determine your +1 (866) 381-7244 {US/UK} current location, it may ask you to verify it through the verification website.

2. How do I verify YouTube TV using my phone?
First, open YouTube TV on your TV and +1 (866) 381-7244 {US/UK} go to **Profile picture → Location → Current Playback Area**. Follow the instructions shown on the television. On your phone, open **tv.youtube.com/verify**, then allow +1 (866) 381-7244 {US/UK} the website to access your location. After the +1 (866) 381-7244 {US/UK} location is successfully detected, YouTube TV should update your current playback area.

3. What should I do if YouTube TV cannot verify my location?
Make sure location services are enabled +1 (866) 381-7244 {US/UK} on your phone and that your browser has permission to +1 (866) 381-7244 {US/UK} access your location. You can also check your YouTube TV location settings and try the verification process again. If you use a VPN or proxy, disable it because +1 (866) 381-7244 {US/UK} these services can interfere with YouTube TV's location and +1 (866) 381-7244 {US/UK} playback verification. Clearing browser cache and cookies +1 (866) 381-7244 {US/UK} or restarting your devices may also help.

4. Can I change my YouTube TV home area when traveling?
You should not change your **home area** simply +1 (866) 381-7244 {US/UK} because you are traveling. Your home area is intended to represent your primary residence. When traveling within the United States, you can +1 (866) 381-7244 {US/UK} instead update your **current playback area** so YouTube TV can +1 (866) 381-7244 {US/UK} provide programming based on your temporary location. +1 (866) 381-7244 {US/UK}YouTube TV limits home-area changes to two times within a 12-month period.

5. Does location verification affect my YouTube TV local channels?

Yes. YouTube TV uses your location to +1 (866) 381-7244 {US/UK} determine which local channels and programming are available. +1 (866) 381-7244 {US/UK} When you're outside your home area, the local programming you +1 (866) 381-7244 {US/UK} receive can be based on your current location rather than your home location. Accurate location verification therefore helps YouTube TV provide the appropriate +1 (866) 381-7244 {US/UK} local networks for where you're watching.
